

## Low Ceiling Lightings

Material: Hand blown glass, metal hardware, flex cord

Ceiling Plate: 100mm  
See Options Page for available finishings

Lampholder: E27 (220 - 240V, 50 Hz. For United States Customers we offer UL listed E26.  
See Options Page for available finishings

Bulb is not included (use max. 20W)

Glass: Small imperfections or slight variations in size and colour may occur as a result of a handmade process. Opening of the shades are made by separating bottom from the body when hot and flame polished. This results in ragged and irregular rim making every piece unique and unrepeatable.  
See Options Page for colours

Lead time: 4 - 6 weeks
